

# Standard 473 ml | 16 OZ

IDEAL PARA CERVEZA, AGUAS SABORIZADAS Y JUGOS

| ITEM | DESCRIPCIÓN                | PULGADAS                       | MILÍMETROS        |
|------|----------------------------|--------------------------------|-------------------|
| A    | Body outside Diameter      | 66,167 +/- 0,178               | 2,605 +/- 0,007   |
| B    | Flange width               | 2,083 +/- 0,254                | 0,082 +/- 0,010   |
| C    | Flange Diameter            | 57,379 Maximum                 | 2,259 Maximum     |
|      | Flange Angle               | 0° - 7° Reference              | 0° - 7° Reference |
| D    | Flange Radius (SDN)        | 1,524 Reference                | 0,060 Reference   |
|      | Flange Radius (SFN)        | 1,397 Reference                | 0,055 Reference   |
| E    | Flanged can Height         | 157,226 +/- 0,381              | 6,190 +/- 0,015   |
| F    | Neck Plug Diameter         | 52,451 +/- 0,254               | 2,065 +/- 0,010   |
| G    | Neck Seaming Clearance     | 3,556 Minimum                  | 0,140 Minimum     |
| H    | Headspace                  | 11,938 +/- 0,508               | 0,470 +/- 0,020   |
| I    | Bottom Rest Diameter (SDN) | 47,955 Reference               | 1,888 Reference   |
|      | Bottom Rest Diameter (SFN) | 47,371 Reference               | 1,865 Reference   |
| J    | Metal thickness            | 0,2616 +/- 0,0102              | 0,0103 +/- 0,0004 |
|      | Neck profile               | Smooth Die Neck/Spin flow Neck | -                 |
|      | Base profile               | A6/IBP6/B22/B22RF              | -                 |
|      | Dome Reversal Resistance   | 90 Psi Minimum                 | -                 |
